

## Conversation Guide

### Using the conversation card

Below are some suggestions to help you begin your conversation:

### Front

>> *There is no doubt that God has his hand upon your life* <<

- **Thanks for meeting with me today. I want to celebrate with you what you are doing in ministry and how you are leading God's mission through your life.**
- **Where are you seeing God working in your life at the moment?**
- **Has Jesus been leading you in a particular direction?**

>> *I can see that He is already working through you in a mighty way and I want to encourage you to step into more* <<

- **Having demonstrated your ability to lead, have you thought about ways that you could enhance your ministry?**
- **Do you sense God moving you into a new season of leadership?**

>> *We are living in exciting times for The Salvation Army and we need people of your calibre leading our Army* <<

- **Have you ever considered becoming an Officer in The Salvation Army? The reason I ask is because I feel you have what it takes to help the Salvation Army live out its vision through your ability to lead others.**
- **Our division is hosting an event for people to explore ministry options and I'd love, and I know there are others who would love for you to attend. Would you be willing to explore what pathways are available?**

### Back

>> *I believe there's more inside of you* <<

- **There's more info about our divisional event on the Come Alive website. Jump online and put your name down (there is no cost to attend this event).**

*Note: You will most likely need to have this conversation several times to help nurture your leaders along in their journey towards full time ministry.*
